2 **Alle angefangenen Spritzlinge nach Gebrauch unbedingt wieder zurück in die dazugehörige Schachtel legen, um die nötige Übersicht beizubehalten.**
Auch alle geschnittenen Teile unbedingt wieder in die jeweilige Schachtel zurücklegen, da sie evtl. nochmal gebraucht werden (z. B. Geländer)!

After use, be sure to put all the moulded parts you have started back into the corresponding box in order to maintain the necessary overview.
Also be sure to return all cut parts to the respective box, as they may be needed again (e.g. railings)!

Après utilisation, il est impératif de remettre toutes les pièces commencées dans la boîte correspondante afin de conserver une vue d'ensemble.
De même, il faut impérativement remettre toutes les pièces découpées dans la boîte correspondante, car elles seront éventuellement réutilisées (par ex. les rampes) !

Zorg ervoor dat je na gebruik alle gevormde onderdelen waarmee je begonnen bent weer in de bijbehorende doos doet om het benodigde overzicht te behouden.
Zorg er ook voor dat je alle afgeknipte onderdelen terug in de betreffende doos doet, want ze kunnen weer nodig zijn (bijv. leuningen)!
