

HO Scale Kit YARD OFFICE AND GATE HOUSE WITH GATE 933-3517

Thanks for purchasing this Cornerstone Series® Kit! Please read all instructions before starting. All parts are molded in styrene plastic, so use glues and paints which are compatible.

Before Assembly

Check kit for proper number of parts. Cut and file flash from parts. Sand edges to ensure right angle joints with no gaps between parts.

Painting

You can paint this kit with brush, spray can or airbrush. If you plan on painting you should consider painting corresponding parts before installing windows. Weathering is optional.

Assembly

Office (Figure 1)

Glue Windows (7) and doors (8) in their respective openings in the walls (2, 3, 4). Glue the window glass (9, 10) in place. Glue walls (2, 3, 4, 5) together and to the base (1).

Gate House with Gate (Figure 2)

Glue windows (7) and Door (8) in their respective openings in the walls (12, 13, 14, 15). Glue the glass (9, 10) in place. Glue the walls (12, 13, 14, 15) together and to the base (11). Glue the roof (16) on top of the walls. Insert part #20 into the gate post half (22). Note the larger end protrusion on part # 20 goes into #22. Glue other gate post half (21) to #22. Be careful not to get any glue on part #20. Glue the gate (23) to the end of #20. Be careful not to get any glue on part #22. Glue the finished gates to both sides of the base as shown. Cut the stop signs from the other side of this page and glue to part #23. Other signs that can be cut and glued to the building for a more realistic model.
